

Exhibit C

ST. JOHN HEALTH SYSTEM

AMOUNT GENERALLY BILLED CALCULATION

July 1, 2019

St. John Health System calculates one AGB percentage using the “look-back” method and including Medicare fee-for-service and all private health insurers that pay claims to the Organization, all in accordance with IRS Reg. Sec. 1.501(r)-5(b)(3), 1.501(r)-5(b)(3)(ii)(B) and 1.501(r)-5(b)(3)(iii). The details of that calculation and AGB percentage is described below.

The AGB percentages for St. John Health System is as follows:

Jane Phillips Medical Center	32.2%
JPN Acute	80.0%
St. John Broken Arrow	29.2%
St. John Medical Center	32.6%
St. John Owasso Hospital	34.1%
St. John Sapulpa	37.1%
Physician Providers DBA St. John Clinic	45.0%

This AGB percentage is calculated by dividing the sum of the amounts of all of the hospital facility’s claims for emergency and other medically necessary care that have been allowed by Medicare fee-for-service and all private health insurers that pay claims to the hospital facility by the sum of the associated gross charges for those claims. The only claims that are utilized for purposes of determining the AGB are those that were allowed by a health insurer during the 12 month period prior to the AGB calculation (rather than those claims that relate to care provided during the prior 12 months).

Notwithstanding the foregoing AGB calculation, St. John Health System has chosen to apply a lower AGB percentage (for all their hospitals and medical group) as follows:

AGB: 29.2%
